FLEX TEMP

ONE CABINET | TWO TEMPERATURES

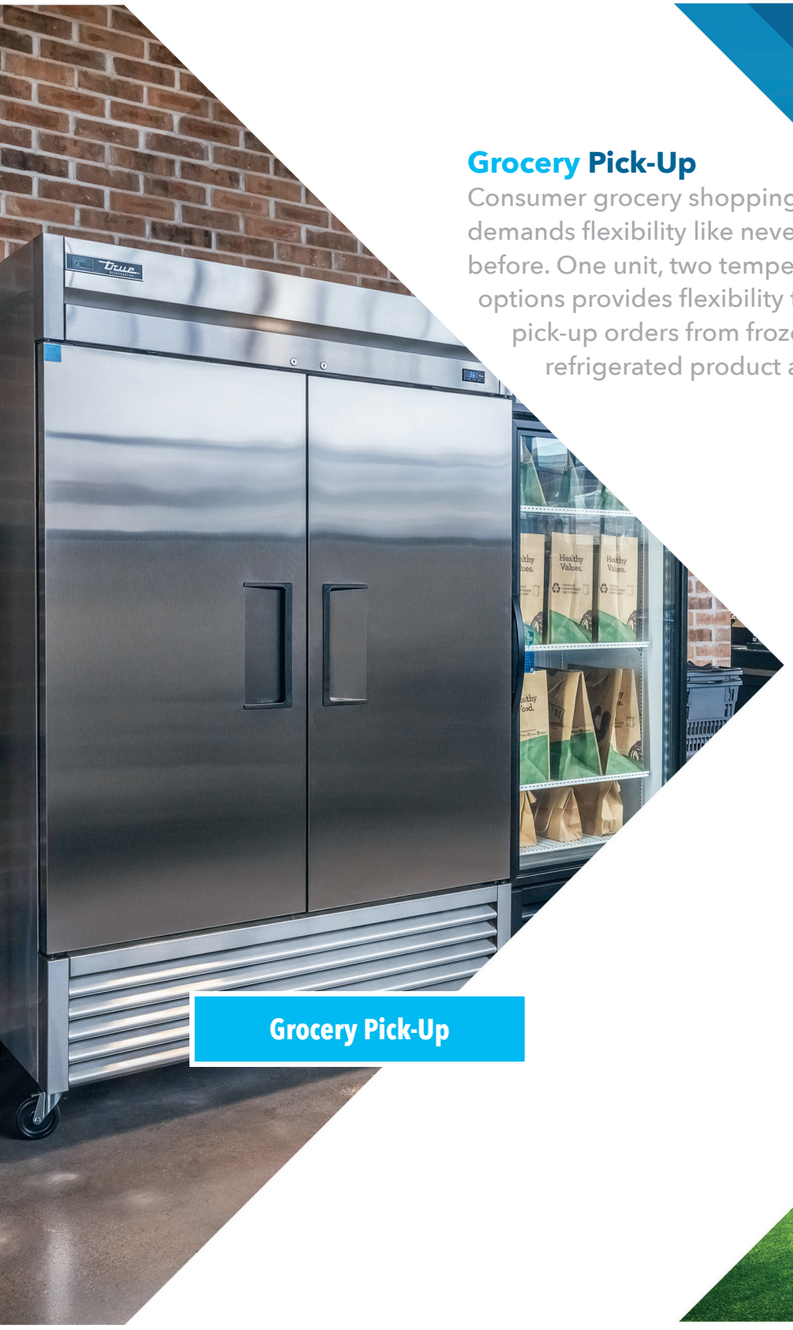
FLEXIBILITY AT THE FLIP OF A SWITCH

Introducing TrueFlexTemp™

One Cabinet, Two Temperatures,
Endless Possibilities.

Grocery Pick-Up

Consumer grocery shopping demands flexibility like never before. One unit, two temperature options provides flexibility to modify pick-up orders from frozen to refrigerated product as needed.



Grocery Pick-Up

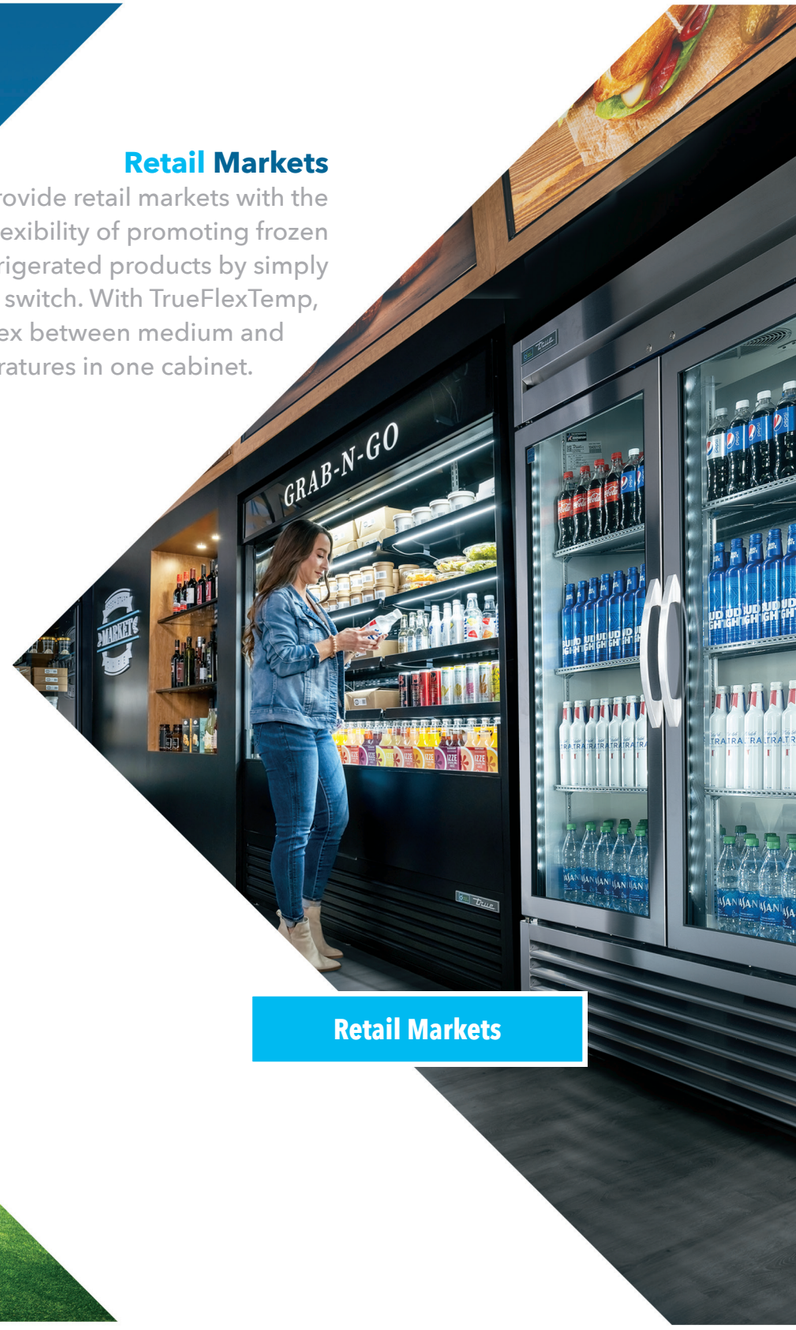
Stadium / Venues

Stadium / Venues

Customize your stadium experience with frozen or refrigerated beverages and food. Offering drinks and treats that are in demand without being confined to a certain temperature range.

Retail Markets

Provide retail markets with the flexibility of promoting frozen or refrigerated products by simply flipping a switch. With TrueFlexTemp, you can flex between medium and low temperatures in one cabinet.



Retail Markets

FLEX TEMP

ONE CABINET | TWO TEMPERATURES

True expertise and quality make the difference.

When set as a freezer, our factory balanced refrigeration system can maintain -10°F, when set as a refrigerator, it can maintain up to 38°F. TrueFlexTemp models are designed using the highest quality materials and components to provide the user with colder product temperatures, lower utility costs, exceptional food safety and the best value in today's foodservice marketplace.
