Foam Hinged Lid Containers
with PERFORMER perforated hinge

Hinged Containers with a Removable Lid

The PERFORMER is a patented perforated hinge that allows the container's lid to be removed.

The result is a less cluttered dining experience and an additional plate for meal sharing.

1. Grab the lid

2. Hold the base

3. Gently pull apart

Performer's Unrivaled Convenience

In the car

In a crunch, when you are rushed for time, the Performer is the answer. No more cumbersome lid to deal with. Simply tear the lid off and enjoy!

At the office

Can't get away for lunch? The Performer will free up needed space so you can be more productive and still enjoy your meal.

Sharing

At home or in social settings, the versatility of the Performer allows you to "tear and share." Use the lid as an extra plate to make meal sharing convenient anywhere.

Features

Vented to preserve food quality longer

Vent holes on sidewalls of the lid preserve food quality (i.e. crispiness) by allowing steam to escape. The vented containers come with the Performer perforated hinge.

Secure closure

These containers feature either a double lock closure or a "knuckle" locking tab intended to prevent accidental openings.

When closed, a perimeter seal keeps food secure, reducing leaks.

Tabs on base ensure containers stay closed when picked up by the lid.

Superior insulation

All Dart foam hinged lid containers have high insulation properties to keep hot foods hot and cold foods cold. Maintaining proper temperature inside the container keeps food at the right serving temperature, preserving product quality.

Stacking

The recessed lid and platform base increase the stability of multiple stacked containers, allowing for stable and convenient transport.

Present your food with style

Black Foam Hinged Containers are available in many popular sizes and are ideal for a variety of hot and cold foods.

They provide an upscale packaging alternative to enhance the image of any food application, while still providing the performance benefits of traditional Dart Foam Hinged Containers.
