

Fountain Jars 1/9- and 1/12-size Fountain Jars

SPECIFICATION SHEET

FAST FACTS

Fountain jars are made of high-impact polypropylene and can be dropped into a countertop cutout or placed into your topping rail, bar or fountainette.

APPLICATIONS

Fountain jars are ideal for a variety of applications including:

- WireWise Organizers and Stations that are tiered to maximize counter space with tiered racks
- Tiered Pump Stations for non-insulated serving rails that dispense thin sauces and syrups in ambient settings
- Stainless Steel Pump Stations for insulated serving bars that dispense thick products or non-insulated serving rails that are perfect for thin products

DETAILS

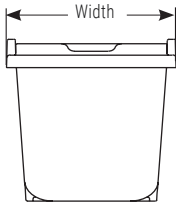

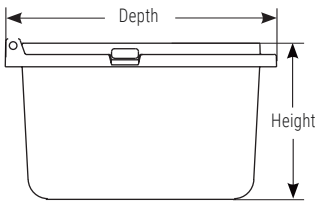

- Front notch allows lid to close over ladle, for increased sanitation
- Molded in feet, prevent tipping during filling
- Rear tab holes allow stainless steel hinged lid to attach
- Side slots allow clear hinged lid to attach

Ideal For Mini Station Bases And Countertop Cutouts

STANDARD AND SLIM FOUNTAIN JARS

Server fountain jars are made of high-impact polypropylene for years of use and dishwasher safe for easy cleaning. Design features include a notch for the ladle handle to allow the lid to close completely, rear tab holes for stainless steel hinged lids to attach to the jar and side slots for securing clear hinged-style lids.. NSF listed. Two-year warranty.
