

# OPTICLEAN™

## Engineered to Flow

Warewashing can be labor intensive. If not well managed, it is likely to hurt your operation's bottom line and add unnecessary frustration. However, labor and efficiency is not the operator's only problem. The quality of your warewashing could directly affect your customers' health and the reputation of your establishment. If an effective system of cleaning and sanitation is not upheld, you may be facing risks on a daily basis that could jeopardize the future of your business.

### 3-Component System

Base Rack // Open Extender // Divided Extender

By alternating open and divided extenders, each level of the rack offers efficient flow through of water for superior performance and thick divided walls for protection

### Double-wall Construction

Maximum strength, protects contents from moving machine parts

### Versatile Stacking

Stacking from either direction and with all major competitors

### Open Wall Design

Open profile facilitates superior washing, complete rinsing and fast drying

### Quick Draining

No flat surfaces to trap water or loose food particles within the rack—ensuring rapid drying

### 4-way Tracking

Easy dish machine loading from any side without the need to rotate racks

### Locking Extenders

Unique snap-on design allows for fast, simple assembly

### Comfort Curve Handles

Comfort Curve Handles—molded into all four sides for easy handling, won't pinch fingers

All OptiClean Racks have an outside measurement of 19.75" x 19.75"

## The Honeycomb

We've developed the most highly engineered warewashing solutions to improve your establishment's operational efficiency. Carlisle utilizes a tested geometric honeycomb structure, admired and studied since ancient times. The honeycomb design delivers unmatched durability while simultaneously increasing the flow of water through each rack. The open honeycomb design also eliminates flat surfaces and corners that would otherwise harbor food particles allowing water to drain and contents to dry quickly.

## NeWave™

In pursuit of an even more efficient foodservice operation, we developed the OptiClean NeWave glass rack. These rounded wave design racks hold 20% more glasses than equivalent, square-compartment racks. This means more glasses in less racks, reduced chemical and/or water usage and improved labor efficiency. NeWave also holds glasses securely in place, resulting in minimal movement and reduced breakage.

## Easy Identification

Water is not the only aspect we engineered to flow. A color-coded system allows operators to choose their own method of identification to categorize by the type of glass, location of wares within the facility or even specific types of events. This color-coded system allows your operation to flow smoothly and eliminate unnecessary confusion for both existing and new employees.

### Textured Finish

Non-slip textured finish on outside walls reduces scratches to keep racks looking new, improve durability and provide a secure grip

### 6 Extender Colors

### NSF Listed

## How To Create The Correct Item Number For Your Washrack

**1** Each item begins with an **R** for rack

**2** Second digit indicates type

**G** // Glass  
**W** // NeWave  
**C** // Cup  
**P** // Peg/Plate\*  
**B** // Bowl\*  
**F** // Flatware\*  
**SP** // Sheet Pan\*  
**FP** // Food Pan\*  
**PC** // Plate Cover\*  
**TP** // Tall Peg\*  
**OP** // Open Peg\*

\*Skip to Step Six

Only available in Blue(14)

**3** Glass, NeWave (only 20 or 30) & Cup (only 16 or 20) racks have additional digits beginning with number of compartments  
 9 // Nine Compartment  
 16 // Sixteen Compartment  
 20 // Twenty Compartment  
**25** // Twenty-five Compartment  
 30 // Thirty Compartment  
 36 // Thirty-six Compartment  
 49 // Forty-nine Compartment

**4** To add extenders, add a dash and the # of extenders\*  
 -1 // One Extender  
 -2 // Two Extenders  
**-3** // Three Extenders  
 -4 // Four Extenders  
 -5 // Five Extenders

\* RW racks have a standard integrated extender, therefore an additional extender for each line listed above e.g. RW20-1 includes two extenders.

**5** If you want color-coded extenders, add a **C** — Otherwise, skip this step

**6** Lastly, add the color-code

**410** // Red/Blue  
 411 // Yellow/Blue  
 412 // Orange/Blue  
 413 // Green/Blue  
 414 // Lavender/Blue  
 14 // Blue

**7** This order is for a glass rack with 25 compartments, 3 extenders and the top extender is red.

**RG25-3C410**

### Extender Heights

|             |         |
|-------------|---------|
| No Extender | 3-1/8"  |
| 1 Extender  | 4-5/8"  |
| 2 Extenders | 6-1/8"  |
| 3 Extenders | 7-5/8"  |
| 4 Extenders | 9-1/8"  |
| 5 Extenders | 10-5/8" |

- Extenders are available in multiple colors including Blue(14), Yellow(04), Red(05), Green(09), Orange(24), Lavender(89)
- Additional accessories can be found at the web address below

### Washrack Sizing

### New Color-Coded Options

#### Engineered to Flow

If your operation has multiple drinkware styles that need to be washed, stored and easily identified, Carlisle has a solution to make work easier. Our OptiClean extenders are available in six color choices. Use this option to color-code your glass racks and keep each piece of drinkware in its proper place. If you have multiple areas of serving within your establishment you can designate specific colors so that your fine dining stemware stays separate from the poolside drinkware.

## OptiClean NeWave Color-Coded Glass Racks

- Fits 25% more glasses which saves on chemical cost by washing more glasses per cycle
- Honeycomb design allows a free flow of soap and water and balanced weight dispersion when racks are stacked high
- Compatible stacking with standard dish racks ensuring a smooth transition to Carlisle washracks without interrupting workflow
- Color coded extenders allow for convenient identification
- Most durable rack in the market
- NSF Listed

### NeWave 20-Compartment

- Use for glasses & tumblers

### NeWave 30-Compartment

- Use for glasses & tumblers

Get more clean glasses per wash cycle. Check out the measurement chart on page 237 to find the most efficient wash rack for your glass size.
