

4400 Series Prep Tables

Integrated design solutions that meet your needs

Fresh Solutions, Fit for You

Delfield's 4400 Series Meets Your Needs.

Our 4400 series prep tables provide an integrated design solution to your salad, sandwich and other meal preparation needs. Designed to be easy to work from, they provide a compact area where storage and assembly areas are combined to create an efficient production system. Labor productivity is high. Operational costs are low. Food is kept at safe, consistent temperatures, keeping your meal quality high and your food waste costs low.

Versatile design options let you configure Delfield's 4400 Series units to your needs.

Features & Benefits

- ① **Front breathing design:** means no bumpers on the back and no grills in the side. You can put your unit flush to the wall in the back and put other equipment right next to it, saving valuable kitchen space.
- ② **6" deep pans:** 4400's perform, even with product, placed in large volume 6" deep pans. Delfield's 4400 prep tables adapt to your operation, you don't have to adapt your operation to the equipment capabilities.
- ③ **Tough, easy to clean ABS interiors:** They stand up to wear and tear in a busy kitchen and are easy to keep clean and sanitary.
- ④ **Reversible cutting board:** Easy to clean, convenient to use. Antimicrobial treatment for increased sanitation.
- ⑤ **Long life door gasket:** Durable vinyl material, magnetic snap in type design for assured door seal and easy removal for cleaning or replacement. Protected from tearing by thermoformed ABS door liner that comes out past the gasket to keep pans, boxes and other items from coming into contact with the gasket as they are loaded and unloaded.
- ⑥ **Mounted on casters:** Casters make the unit easy to move for cleaning or reorganization.
- ⑦ **Large capacity interiors:** Lots of storage space and easy shelf adjustment.
- ⑧ **Efficient, energy saving polyurethane foam insulation:** A full 2" thick high density environmentally friendly, Kyoto Protocol compliant, Non ODP (Ozone Depletion Potential), Non GWP (Global Warming Potential) polyurethane foam throughout

Now with new GreenGenius™ R290 Refrigeration

39%-55%
reduction in energy

GreenGenius is Delfield's most energy efficient, environmentally friendly hydrocarbon based refrigeration system. GreenGenius was built from 60 years of Delfield refrigeration knowledge and uses natural refrigeration technology to produce Delfield's best refrigeration system ever. This new system uses R290 refrigerant, a natural hydrocarbon refrigerant that allows GreenGenius to meet and/or exceed new Department of Energy (DOE) and ENERGY STAR® 3.0 standards on most units. With adaptive defrost you never again have to worry about when your system will go into defrost, the system monitors the environment and automatically adjusts defrost times so you always have a clean, ice free evaporator, all the time. Look for this symbol on Delfield refrigeration products. The next generation of refrigeration system is here in GreenGenius.

- ⑨ **Self closing doors:** Hinges are concealed in the door to avoid damage. Cam lift system assures that the doors self-close past 90°, while staying open for convenient access at 120°.
- ⑩ **Insulated pan cover:** Covers are insulated with ABS material to keep the heat out and avoid condensation on the exterior surface.
- ⑪ **Full length door handles:** full length integral door, drawer and lid handles

4400 series units available with doors or drawers.

Delfield's drawers are designed to hold up in busy kitchens.

- Full extension for easy access
- Heavy-duty construction for long life reliability
- 14-gauge stainless steel drawer box
- 14-gauge stainless steel profile
