Features

This curbside recyclable collection is made with 100% ocean-bound recycled plastic (rPET) and offers patented interlocking stackability with an innovative rounded edge rim.

100% Recyclable

Created to be used again and again.

Shatterproof

Banish broken glass. POP is resistant to any cracking.

Recycled Bottle Content

Made with up to 3 recycled water bottles per cup.

Crystal Clarity

Our high quality polymer produces beautiful clarity.

Stackable

Patented Pop 'n Lock™ interlocking stackability saves space.

BPA-Free

Made with zero harmful chemicals.

Smooth Rounded Rim

Patented to deliver a luxurious drinking experience.

Spill-proof Lids

Made for spill-proof convenience with an added touch of function: a push-in straw hole.

Built-in Aerator/Strainer

Efficiently oxidize wine to awaken its flavor, or use as a strainer for fruit-infused beverages.

What is the POP Collection made from?

Our POP Collection is made with 100% certified ocean-bound recycled plastic (rPET).

What is ocean-bound recycled plastic?

Ocean-bound recycled plastic is a type of waste material defined as “at risk of ending up in the ocean.” It is collected within 30 miles of coastlines to prevent it from polluting our oceans. We repurpose this material into our POP Collection, ensuring it serves a new purpose instead of contributing to marine debris.

Our ocean-bound recycled plastic meets the Global Recycled Standard, which ensures that the materials used in our cups are responsibly sourced and traceable throughout the supply chain.

Can POP be recycled?

Yes. POP is stamped with the #1 recycling symbol, making it eligible for recycling across the nation. Plastics with a recycling logo and rating imprinted on the product should be received and sorted once it reaches a recycling center.
