Our Story

BeFun is on a mission to reduce waste through sustainable, thoughtfully designed products that can be composted, recycled, or reused. We believe businesses have the power to lead change by choosing materials and processes that protect our planet.

As a certified B Corporation, we hold ourselves to high standards of social and environmental responsibility. From sourcing to production, every step reflects our commitment to better materials, smarter systems, and lasting impact.

We are proud to stand alongside more than 8,000 B Corps across 90 countries, working together toward a more sustainable and equitable future. Because when business is driven by purpose, everyone benefits.

TOSSWARE® RESERVE

Our History

Launched in 2014
We introduced POP, our first line of shatterproof and recyclable drinkware, setting a new standard for sustainable celebration.

2015
We explored new ways to personalize our drinkware through silk screen and pad printing, helping brands make every sip their own.

2017
We embraced digital printing, unlocking more color, speed, and creativity for our customers and partners.

2019
We were honored to be named one of Inc. 500's Fastest-Growing Companies in America — a milestone that fueled our next chapter of innovation.

2020
We launched the RESERVE collection, made with Tritan™, a top-of-the-line material built to last a lifetime.

2021
We unveiled NATURAL, our certified compostable collection made from plants, advancing our commitment to a circular economy.

2024
We took another step forward by earning our B Corp certification and introducing made-to-order packaging that reduces waste at every level.

2024 Q4
We relaunched our POP line, now made from 100% recycled ocean-bound plastic, collected within 50 kilometers of coastlines to help prevent waste from entering our oceans.

2026 & Beyond
We're working toward a fully circular future where every product lives on with purpose. The journey continues, and we're just getting started.

Profit From Every Pour

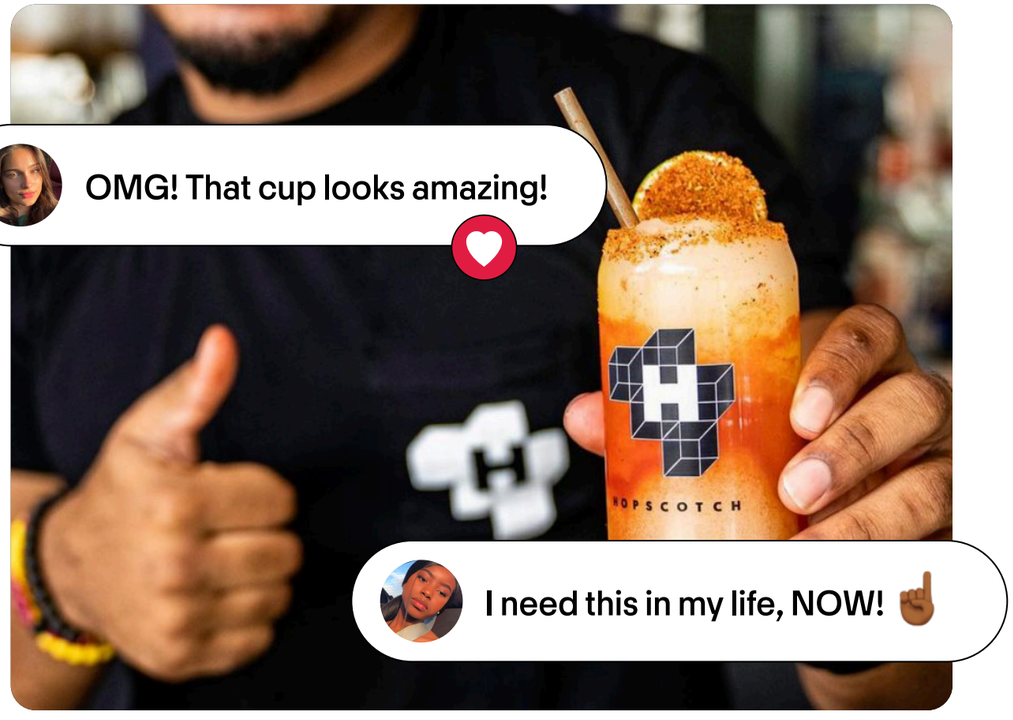
We make it easy to turn your drinkware into profitable, branded real estate.

Whether it's local partners, event sponsors, or beverage brands, offer them prime visibility in every hand. It's a smart way to create new revenue, boost collaboration, and offset your cup costs, all while expanding your brand reach.

Customization

Your Brand, In Every Hand

Your drinkware is your brand in motion. With our advanced print capabilities, every cup becomes a touchpoint that drives awareness, boosts engagement, and gives fans another reason to love your business.



Start Something Custom

Have an idea but not sure where to start?
Follow these simple steps and we'll help bring your vision to life.

1

Reach Out

Email your project details to support@tossware.com and let us know what you're envisioning.

2

Get Custom Recommendations

We'll suggest the right drinkware and print options for your needs, then share a quote for review.

3

Submit Your Artwork

Send us your design files in high resolution. We prefer .ai or .eps formats to ensure the best print quality.

4

Approve Your Proof

We'll send a digital mock-up for your review. Once approved, your order heads to production.

5

Receive Your Order

Your customized drinkware will arrive with our industry leading lead times. We'd love to see your final designs in action so feel free to share photos with us!
