

Merchandisers

CUSTOMIZED SOLUTIONS

- Hatco Merchandisers keep hot foods at optimum temperatures and the focus on the products, while providing unlimited flexibility for each operator's unique foodservice needs
- Ideal for cafeterias, catering, clubs & bars, concessions, convenience stores, restaurants & cafés, and supermarkets & delis
- Available with slant or horizontal shelves
- Available with single, dual, triple or quadruple shelves
- Available in all *Designer* colors to match your décor
 - ◇ GRCMW models also available in Swanstone® simulated stone colors

HOT FOOD HOLDING

- Hold a variety of hot wrapped or boxed foods at ideal serving temperatures while maintaining product quality
- Combining a pre-focused infrared top heat and thermostatically-controlled heated base guarantees optimal holding times
- Indicating Temperature Control (ITC) enhances accuracy and provides digital readout of temperatures
- GR3SDH and GR3SDS models feature patented heated glass technology that radiates heat down while conducting heat up to provide an even heat source

SHOW AND SELL

- Create impulse sales and provide self-serve convenience by placing the food products at the customers' fingertips
- Keep the customers' focus where it belongs – on the product – with full-view designs
- Sign holders help merchandise food products

IN THE ZONE

- Instant-on, individually-zoned overhead ribbon elements are combined with heated shelves with separate front and rear heating elements, significantly reducing energy consumption
- Spot-On® Technology turns overhead heat on only when product is present in that zone, while the base heat goes from energy-saving mode to the set temperature

IDEAL ILLUMINATION

- Shatter-resistant incandescent lights illuminate the warming area and enhance product display while safeguarding foods from bulb breakage
 - ◇ Optional halogen bulbs available
- HXMH and HXMS models have high-efficiency LED lighting to create better illumination of food products on each shelf and to save energy
