Reduce hunger and waste with a New Age Share Cart.

Elevate any school share program with a New Age Share Cart! This cart comes in many colors, and features two locations for custom signage to encourage students to share their individually packaged foods, milk, juice, fruit, and more.

The cart comes with cold food pans that, when frozen, can hold food safely for 6-8 hours eliminating the need for ice! Heavy duty casters, a lightweight design, and a convenient push handle make this cart easy to maneuver.

Comes with HACCP compliant cold food pans.

Two locations for custom signage.

Top shelf designed to hold two Coldmaster CoolCheck™ drop-ins. (pans included)

Push handle.

Slanted second shelf for easy access and storage.

Reinforced base shelf for miscellaneous storage.

Students can leave unwanted, unopened food and drinks in the Share Cart, where other students can help themselves.

40% of food is thrown out in America, yet **14 million** children go to bed and to school hungry.

Food waste in schools has increased due to the Federal School Lunch Program requiring students to take a certain amount of food— Even if they don't like it or aren't hungry.

Optional Cold Pan Shelf (#52918)
