THE BENEFITS OF BERKEL

Sensible solutions for commercial kitchens.

Berkel slicers are made to work consistently and reliably.

Every time you need them.

Simplicity, sturdiness and success.

Only necessary features are included on Berkel equipment. No more. No less. Each machine is also sturdily constructed. **It's a recipe for success.**

Quality equipment at an affordable price.

Kitchen tools can and should be precisely engineered, properly constructed and fairly priced.

It's a principle we built our business on.

A broad, strong service network.

Support for Berkel products is provided by the nationwide Hobart, Vulcan and Certified Independent Service networks. **It's one of the widest service networks in the industry.**

BUILDING ON A CENTURY OF SERVICE

“

**DOING BUSINESS FOR ONE DECADE IS NOTEWORTHY.
DOING BUSINESS FOR ONE CENTURY IS REMARKABLE.**

”

Berkel celebrated its 100 year anniversary in 1998. We're honored to be among a relatively small number of companies to achieve this milestone—and are looking forward to our next century.

TWO SERIES OF SLICERS TO SERVE MOST KITCHENS

NEW B Series Slicers

- ▶ **A wide variety of knife sizes** – Flexibility to meet specific needs.
- ▶ **Chrome-plated carbon steel knives** – Ensures sharpness for clean cuts.
- ▶ **Anodized aluminum finish** – Promotes quick, sanitary cleaning and long-lasting durability.
- ▶ **Removable carriage** – Completely submersible in water: Makes thorough cleaning easier.

X13-PLUS Premier Series Slicers

- ▶ **One-piece, NSF-approved, polymer base and product table** – Makes cleaning easier by eliminating crevices that can harbor food debris.
- ▶ **Index knob, start/stop switches located outside the drip zone** – Strengthens base, puts controls in easy reach and helps protect electronics from exposure to liquids.
- ▶ **Hardened, stainless steel 13" knife** – Eliminates potential for rust or flaking.
- ▶ **1/2 horsepower motor** – Big power to handle jobs like slicing cheese.

SLICER SELECTION GUIDE
