Ounces

Dissolve is a powerful, professional grade descaler that fights and removes water scale and lime build-up from steamers and boilers.

- Keeps steamers and steam cooking equipment operating at peak performance
- Penetrates and quickly removes mineral deposits and lime scale
- Concentrated formula delivers powerful cleaning with efficient use cost
- *Competitive brands use 8X as much chemical for the same result*

CASE: 12 x 16 fl oz (473 mL)
