

Comark DT400Y and 400YB

Pocket Digital Thermometers

Reliable temperature measurement for your kitchen

Comark's 400YB and DT400 digital thermometers have a quick response time of six seconds or less, a 1.5mm thin tip probe and come with a one-year warranty.

Both thermometers are field calibratable, with auto switch off to conserve battery life and data hold button. Temperature scales are switchable between Fahrenheit and Centigrade measurement.

BioCote® Antimicrobial technology is used in the instrument cases and reduces the risk of cross-contamination.

If you are still using thermocouples, you can make the change and save money!

DT400Y Features

- Range -4°F to 400°F, -20°C to 200°C
- High Accuracy $\pm 1^\circ\text{F}$ / 0.5°C
- Commercial dishwasher safe
- Protective probe sheath with handy pocket clip

400YB Features

- Range -58°F to 400°F, -50°C to 200°C
- High Accuracy $\pm 2^\circ\text{F}$ / 1°C
- Water Resistant
- Ruggedized to withstand a 10 ft drop with the protective boot
- Protective probe sheath with handy pocket clip
