S245R-PCP Traditional® 5" pie knife

\$25.20

Quantity:

– +

Description

Cut and serve a variety of food with just one multi-purpose utensil. The 5" Pie Knife is the perfect shape for everything from pizza and lasagna, to slices of quiche, to your best desserts. The stainless-steel rounded triangular blade and blunt edge is durable and flexible for easy lifting of clean slices. For those who prefer the warmth and feel of a natural rosewood handle with a secure grip, this riveted, contoured design will fit comfortably in your hand as you tackle food preparation tasks.

**S245R-PCP Traditional® 5" Pie Knife**

Individually ground and honed blade

Ergonomic, soft non-slip grip

Impervious blade-to-handle seal

Made in the U.S.A.
for over 200 years

We recommend hand-washing
and sanitizing to preserve
the quality of this product.

Crafted with DEXSTEEL™: The blade is crafted with DEXSTEEL, our proprietary high-carbon, high-alloy American stainless steel. Calibrated to exacting standards, our exclusive formula achieves the ideal composition for optimal strength, durability and corrosion resistance. Blades are also heated and cooled to precise temperatures to enhance the grain structure for maximum performance.

Individually Ground blade: Every blade is individually ground and honed to ultimate sharpness and engineered to retain its sharpness and facilitate rapid re-sharpening.

Traditional™ handle: For those who prefer the warmth and feel of a real hardwood handle, this contoured design will fit comfortably in your hand for a sure grip as you tackle food preparation tasks. Features the richness of high-quality natural rosewood secured with brass compression rivets for a long-lasting, durable addition to your kitchen. This handle adds a stylish traditional element and aesthetically pleasing performance to your lineup of cutlery.
