LEATHER KNIVES

These leather knives are designed for use in shoemaking where tough, sharp blades are essential for cutting, trimming, and shaving thin layers off leather. Our variety of high carbon steel blades are also widely used in the other textile industries such as rubber, plastic, and paper. The durable hardwood pinned handles are formed and rounded to fit the hand for a secure and comfortable grip.

Square Point Shoe Knife

2 ½" 75200 X1S

High Carbon Steel
Rounded Hardwood Handle with Pin

Short Point Hawk Bill Shoe Knife

3 ⅛" 75100 X2H
