DURABILITY THAT MAKES A DIFFERENCE®

Silver Camwear® Camcovers®

New silver Camcovers keep food hot but look cool. Camwear® plate covers feature the elegant appearance of metal with the safety and cost benefits of plastic. Virtually unbreakable polycarbonate will not dent or scratch like metal, and does not require polishing.

Safe up to 210°F (99°C) these covers keep food hot and appetizing yet remain cool to the touch, making it easier and safer for waitstaff to handle.

Metal plate covers dent easily and require laborious polishing.

Camcovers retain their shape and elegant appearance for years.

Available colors:

Clear (152)

Amber (153)

Beige (133)

Silver (486)

CODE	INSIDE DIAMETER	OUTSIDE HEIGHT	CASE LBS. (CUBE)	CASE KG (CUBE M³)

Meal Delivery Carts

Safely transport meal trays from the kitchen to acute care patients or nursing home residents. Made of polyethylene, carts are easy to clean and won't rust, dent, crack, chip or break.

Camtread® Trays

Non-skid surface ensures drinks and meals stay in place during transport. Durable fiberglass construction will not warp or crack.

Century™ Camtray®

Innovative contemporary design features low edge and corners that provide increased space utilization and enhanced user comfort while dining.
