PREMIUM series | ELEMENTS series | BASICS PLUS series

Rust and Corrosion Free

Backed by a lifetime warranty against rust and corrosion, Camshelving storage systems eliminate the inconvenience and costs associated with restoring or replacing degraded shelving. Only Cambro offers Shelving for Life®.

Multi Environment Use

From freezers to coolers, ware washing or dry storage, Camshelving is designed to withstand all storage applications and temperatures—impervious to moisture, chemicals, salt, food acids, and humidity.

Easy to Clean

Cleaning shelving shouldn't be a major production. Whether daily or scheduled, cleaning can be done quickly and easily without interrupting storage space or normal, day-to-day operations.

Easy to Adjust & Assemble

Each shelf can be easily and independently adjusted to accommodate a variety of storage products and packages as product and storage needs change. Units ship in one box with pre-assembled post frames.

Maximized Space Utilization

Components have been thoughtfully designed to maximize storage space, even in space-restricted areas. Position shelves anywhere along the post, with dovetails spaced 4" apart.

STATIONARY

WHY CHOOSE BASICS PLUS?

Just because the budget is tight and storage needs are less rigorous, it doesn't mean that shelving performance and storage efficiencies should be compromised. Basics Plus Series is made from the same high performing, strong composite material as Elements Series and has the same design features. It's lighter in weight and less in cost but still strong enough to handle light to medium storage demands.
