

# LX114LRT1

19.25" x 13.75" x 17.25" (H x W x D)

BeautiFridge compact cosmetics refrigerator with mirror-tinted glass door, black cabinet, lock, glossy ruby-colored shelves, and digital controls set for the storage of beauty products

## Highlights:

Perfectly sized to fit into bathroom fixtures, powder rooms, or vanity tables

Double paned tinted glass door saves energy with added insulation of interior contents

Adjustable digital controls specially set to run at the proper storage temperature for most beauty products

## Product Features:

|                                            |                                                                                                                                                                                                                 |
|--------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Specially designed for cosmetic storage    | Warmer temperature setting via digital controls allow the perfect storage conditions for high value creams, cosmetics, and perfumes                                                                             |
| Ideal storage temperature                  | Operates between 42° and 65°F to keep cosmetics properly cooled                                                                                                                                                 |
| Digital thermostat                         | Adjustable thermostat located inside to prevent unsupervised temperature changes                                                                                                                                |
| Compact dimensions                         | Less than 14" wide and 18" deep to allow for placement on vanities, countertops, and similar spaces                                                                                                             |
| Double pane mirror-tinted glass door       | Allows door to serve as a mirror while saving energy, reducing UV lights/glare, and better insulating interior contents                                                                                         |
| Automatic defrost                          | No-frost convenience for reduced user maintenance                                                                                                                                                               |
| Factory installed lock                     | Keyed lock for a secure interior, with 2 keys included                                                                                                                                                          |
| Adjustable shelves in a glossy ruby finish | Two powder-coated metal shelves can be placed in a variety of positions for optimum storage, with a versatile design that allows you to display the high shelf lip or reverse to show more of your stored items |
| Bottle shelf                               | Lower shelf features a variety of cutout sizes for upright storage of serums, creams, and similar cosmetics                                                                                                     |

LX114LRT1 Specifications:

| Overview                   |                    |
