Three Drawers. Two Temperature Zones. One Small Footprint. Zero-Step Performance.

Designed in collaboration with Tobin Ellis, the industry’s first true Cocktail Freezer keeps frosted glassware, large-format craft ice, and cold-hold bottles in precise, temperature-controlled storage—all within ergonomic arm’s reach. Purpose-built to integrate seamlessly with the Bartender’s Cockpit™ for unmatched efficiency.

FEATURES & BENEFITS

- This 3-drawer, freezer/refrigerator underbar unit maximizes storage for essential cocktail components:
 - **Top Freezer Drawer:** provides storage for 20–40 glasses, including cocktail coupes, Nick & Nora, and rocks glasses, delivering a perfectly frosted finish
 - **Right Freezer Drawer:** high-capacity ice storage; keeps large-format craft ice close and dry
 - **Left Refrigerated Drawer:** designed to cold hold 10+ standard bottles in an upright position with pour spouts, perfect for batched cocktails, backup juices, syrups, vermouths, and more
- 24" Drainboard Top, with pitched design for proper drainage and included 12" x 12" cutting board, provides versatile glassware storage. Heavy-Gauge honeycomb perforated inserts maximize air circulation to promote faster glass drying
- Verticalized drawer design maximizes linear bar space, reclaiming up to 12" per station and enabling seamless integration into tighter footprints without compromising performance
- Hand polished soft corners and edges deliver durability with a "no sharp edges" safety promise
- Heavy-duty drawer slides engineered to withstand high-volume service, supporting repeated open-and-close cycles without performance loss
- Unit has optimized defrost, ensuring control to keep speciality ice pristine by preventing melt/ refreeze and preventing warm glasses mid-service
- Unit comes with Low Profile Rollers and Front Adjustable Legs that lower to keep unit in place
