reCollect2

A simple and attractive recycling solution.

Little changes transform into substantial results: make this innovative recycling receptacle an integral element of your recycling program. Designed smaller in scale, it's ideal for hotel guest rooms, offices and classroom environments.

- independent 11 qt. bins separate from base
- modern, clean and streamlined silhouette
- each component is 100% recyclable
- made in the U.S.A.

Model Sets

reCollect2 sets include:

- (2) removable bins in (1) set-base
- Bins and set-base available blank and with "trash" and "recycle" imprints
- Measures 15.25" x 12.25" x 12" high and weighs approx. 7 lbs.

RC2-BLK-2.0

Increase and Encourage Recycling Participation

Research shows participants are more likely to recycle when bins are clearly marked and placed close to trash bins. Based on your recycling needs, select an imprint message to clearly designate the contents for each bin.

Imprint Messages

- N0 blank

- 10 recycle

- 23 trash
