

Introducing EZ-Clean Tray Racks

Trayslides Made Easier!

Someone once said, "Simplicity is the ultimate sophistication." It's with that thought in mind that Traulsen designed an innovative, yet uncomplicated approach to refrigeration interiors. Traulsen's EZ-Clean Tray Racks are pre-configured, two-piece trayslide racks that insert easily into sturdy factory-installed brackets that provide the durable tray support your busy kitchen needs.

Sized for half-sections, only two pairs are needed *per section*- making installation, replacement and removal effortless. As an added bonus, these lightweight tray racks fit easily into a 3-compartment sink or commercial dishwasher for fast, thorough sanitation. The result is a kitchen that is cleaner and more efficient than ever. Who knew simple could be so smart?

TAKE YOUR INTERIORS FROM THIS
