

OUTSTANDING PERFORMANCE IN A DURABLE CABINET

Our Spec-Line offering of refrigerators & freezers deliver superior temperature maintenance & unsurpassed reliability- even in the toughest kitchen environments. Our unique circular airflow with Load-Sure™ Guard, & user-friendly Smart Control™ keeps your food at consistently safe temperatures 24/7.

2 SAVE LABOR

- Easy to clean, front-facing condenser
- Load-Sure™ Guard protects cabinet from improper loading- full capacity can be used without blocking airflow
- StayClear™ condenser coil simplifies preventive maintenance

3 SUPPORT FOOD SAFETY

- Protected, clockwise airflow enables fast temperature recovery & consistency
- Easy-to-read LED display includes critical alarms for cabinet temperature, power interruption & more to keep food safe
- Smart Control™ provides precise temperature control & advanced diagnostics

1 REDUCE COSTS

- Faster temperature recovery means less potential for food waste
- Raised door pans protect gaskets, reducing replacement frequency
- Standard stainless steel exterior, brazed system connections and 100% foamed-in-place construction promotes equipment longevity
- EZ-Clean™ gaskets can last up to 4x longer than PVC

R SERIES SPEC LINE REFRIGERATOR & FREEZER REACH-IN, PASS-THRU, ROLL-IN & ROLL-THRU

AVAILABLE MODELS:

- 1/2/3 SECTION REACH-IN, PASS-THRU, ROLL-IN/THRU
- FULL OR HALF-HEIGHT SOLID OR GLASS DOORS
