HAND CRAFTED COLLECTIONS

A handcrafted collection, each piece is unique. Made in England and designed with industrial toughness. Rolled edges allow for maximum durability in service.

DURABILITY

All Dudson ceramics have a fully vitrified body which creates a 'closed' structure. The result of this is a very strong and durable product.

FULLY GLAZED FOOT

Pin firing. Fully glazed foot prevents scratching and is easier to clean meaning Dudson products are more hygienic than those without a glazed foot.

STACKABLE

Less abrasion = lower replacement rates.
Engineered to stack = space saving in kitchens.

DISHWASHER AND MICROWAVE SAFE

We use the toughest glazes in the business, so products withstand the harsh conditions of a professional kitchen.
