

Toothpicks

Rofson wood toothpicks picks are made from White Birch. They are available in varieties and sizes, and are as decorative and festive as they are useful. Made from renewable resource materials that fully comply with FDA requirements for food contact, and are compostable.

Hotel Round Toothpicks

- 2.5" long
- Great for individual dispensing or use on buffet table or serving tray

Hotel Square Toothpicks

- 2.5" long
- Square centers assure these won't roll when placed on a surface

Individually Wrapped Toothpicks

- 2.5" long
- Individually cello-wrapped for added sanitation
- Available in plain and natural mint flavor
- Come in perforated dispensing box
