

Drains

Krowne Drains are available in many varieties, including Twist, Lever and new Rotary Waste Valve styles. We also offer standard kitchen and bar sink drains with optional overflows. Our drains are uniquely crafted from durable materials to resist harsh conditions in commercial environments. Many Krowne drains are universal so they are easy to install while providing consistent reliability.

New

Rotary Twist Waste Valves

Features apply to all Rotary Twist Waste Valves

- Premium stainless steel ball valve design engineered for long-lasting performance
- Elimination of traditional rubber gasket to prevent leaks and withstand harsh conditions and chemicals
- Smooth, ¼ turn action for ease-of-use
- Overall lower maintenance costs due to ball valve design
- Universal 2” NPS male threaded drain outlet and 1-1/2” female threaded drain outlet
