Bunker Freezers
NBH & DIP-Series

NBH-68

Ojeda USA bunker freezers and dipping cabinets are designed with versatility in mind, offering various size footprints to seamlessly fit any store layout. With features like internal LED lighting for better product visibility, durable steel construction for long-lasting use, and the eco-friendly R-290 refrigerant, these units are both efficient and reliable. Ojeda's 8 and 12 flavor dip cabinets are designed to maximize both display and storage efficiency. With ample capacity to showcase a variety of flavors, these cabinets are ideal for any store or café with a perfect blend of functionality and style.

Bunker Freezers
NBH & DIP-Series

Features

R-290 REFRIGERANT
Equipped with R-290 refrigerant, an eco-friendly alternative that meets the EPA's environmental impact regulations.

ADJUSTABLE THERMOSTAT
Freezers are equipped with a mechanical thermostat that allows the users to adjust temperature that best fits their products needs. Set from factory at -4°F.

STEEL CONSTRUCTION
Robust steel construction minimizes the use of plastic materials resulting in an environmentally friendly design.

Sliding Lids
Low-E tempered sliding glass lids reflect light and reduce the heat load inside the cabinets. Each unit comes with a lock and keys for added security.

HIGH IMPACT ABS FRAME
Made of a high impact durable plastic, this frame assures a long-term life span.

INTERNAL LED LIGHTING
LED lighting in our bunker freezers ensures products are beautifully illuminated, enhancing visibility and creating an appealing display for customers.
