

WARRANTY AND SERVICE

LIMITED WARRANTY

IMPORTANT RESTRICTION: VITA-MIX® CORPORATION (hereinafter ‘Vitamix’) MAY RESTRICT WARRANTY SERVICE FOR OUR PRODUCTS TO THE COUNTRY WHERE VITAMIX OR ITS AUTHORISED DISTRIBUTORS ORIGINALLY SOLD THE PRODUCT.

- Vitamix does not recommend use of our products outside of the country where such products were sold and built to be used.
- Our products are approved and certified to country-specific safety standards.
- Each country may require a different voltage and frequency, power cable, and plug for the same product.
- After-sales service may not be available outside of the country where Vitamix or any of its authorised distributors originally sold a product, as our authorised distributors and repair technicians stock repair parts that may be country-specific.

In order to maximize the life and keep your Vitamix product in good working order, it is important that you follow a few simple maintenance tips:

1. Periodically inspect the drive socket for visible wear and tear, cracks or breaks to the socket. If damage is found, replace the drive socket. To purchase a replacement drive socket, contact Vitamix Corporation on +1 (800) 866 5235 to find a dealer near you. For customers outside the U.S.A., contact your authorised Vitamix Distributor, or call the Vitamix International Division at +1 (440) 782 2450 or email international@vitamix.com for a distributor near you.
2. Manually rotate the blade bearing assembly at least before use daily to make sure it turns without hesitation or doesn't spin too freely. If the blade hesitates or spins too freely, contact Vitamix at 1-800-437-4654 for warranty information or a dealer near you. For customers outside the U.S.A., contact your authorized Vitamix Distributor, or call the Vitamix International Division at +1.440.782.2450 or email international@vitamix.com for a distributor near you.
3. NEVER run the machine without the centering pad properly placed on the motor base.
