

The Versatile Fixture Solution

The Planniq™ Core system can be used to highlight an array of product varieties from salty snacks to automotive equipment.

High-Quality Economical Design

Sturdy metal construction and cost-effective engineering provide an affordable solution with long-lasting durability.

Easy Assembly

Limited hardware needed. Save time and man- power with Planniq™ Core's quick and easy assembly process.

Components Compatible with Planniq™ Tech

The Planniq™ Core system coordinates perfectly with ImageWorks' Planniq™ Tech system through use of shared shelving and accessories. Together these systems provide unmatched capability compared to traditional display options.
