3M™ Water Filtration Products ScaleGard™ Plus 2 systems include high quality bladder tanks appropriately sized for boiler-based steamer units. Fittings are designed to accept plumbing from the STM and TSR units. The compact footprint allows access through standard doorways and takes up minimal space.

PRODUCT BENEFITS

- 1/4" to 1-1/4" NPT male connections that allow for easy installation.
- 100% sealed construction provides an impermeable environment and minimal leak points.
- Vessel has the ability to discharge in any position, allowing it to be situated in space restricted areas for installation convenience.
