2 About True

4 Upright Cabinets

The industry's most complete refrigeration source.
True.

True is the world's leading supplier of quality commercial refrigeration. Founded over 70 years ago in St. Louis, Missouri, True continues to flourish around the globe by offering the best possible environment to store your food products.

True, Your Energy Efficient Future... Naturally®

Hydrocarbon has less than
THREE Global Warming
Potential (R134A = 1,430)

Naturally Occurring Refrigerant
= Environmentally Friendly

Up to 15% more efficient
than R134A and R404A

ZERO Ozone Depletion Potential

Sustainability

Over 70 Years of commercial refrigeration focus have enabled True to become experts in the design and development of our systems. While energy efficiency has always been part of our design process, we continue to utilize new technologies to improve our systems to be the most efficient in the industry, without sacrificing the performance that ultimately provides food safety for our customers throughout the World.

True continually searches for environmentally friendly components and processes to help reduce our own and our customers' carbon footprint. Initiatives include offering a natural refrigerant and a zero GWP/ODP Ecomate® foam insulation.

Energy efficiency without compromise.

Our natural refrigerant option is available on select models.

UPRIGHT CABINETS

T-Series, TSD-Series, TS-Series

True's upright cabinets are designed with enduring quality that protects your long-term investment.

The most advanced and robust refrigeration systems, fitted as standard in all our upright cabinets, ensure years of reliable service even in the most demanding foodservice environments.

Manufactured using the highest quality materials and components, True upright cabinets provide the most consistent temperature, lower utility costs and exceptional food safety delivering the best value in today's foodservice marketplace.

Upright Cabinets

Insulation

Entire cabinet structure and solid door are foamed-in-place using Ecomate®, a high density, polyurethane insulation that has zero ozone depletion potential (ODP) and zero global warming potential (GWP).

Refrigeration

Advanced, robust and environmentally friendly refrigeration system. Refrigerators hold 33°F to 38°F. Freezers hold -10°F.

Interior / Exterior

Clear aluminum interior, stainless steel floor and front, anodized aluminum ends.

Doors

Positive seal, self-closing doors with lifetime-guaranteed door hinges, factory tested over 1,000,000 times, and torsion-type closure system.
