

Cycle Time Comparisons

Ice Production at Peak Efficiency...

Our machines offer the shortest cycle times in the industry, ensuring you have a steady supply of ice exactly when you need it. Faster production means no more waiting or shortages during peak times. Plus, our energy-efficient design helps lower your operating costs while being environmentally friendly.

| | 400 lbs. Series | 500 lbs. Series | 600 lbs. Series | Lbs. Per Batch |
|--|-----------------|-----------------|-----------------|---------------------|
| | 14.4 | 13.2 | 12.1 | 4 lbs / 5lbs / 5lbs |

| Manufacturer | 400# Series | 500# Series | 600# Series | # Per Batch |
|--------------|-------------|-------------|-------------|-----------------------|
| Manitowoc | 16.7 | 17.4 | 16.45 | 3.6lbs / 4 lbs/ 6 lbs |
| Hoshizaki | 39 | 31 | 27 | 10 lbs |
| Scotsman | 22 | 16 | 15 | 5 lbs |
| Ice-O-Matic | 24 | 20 | 17.5 | 5 lbs |
