

Constellation™

Lunar White™, our brightest-white porcelain body color

Syracuse®
CHINA

Purpose-Driven Innovation for High-Volume Demands

- Two versatile, modern designs ideal for casual, fine dining and banquet presentations
- Highly polished food enhances stackability to optimize storage
- Durable, fully vitrified, twice fired porcelain helps reduce replacements
- Pronounced underside rim makes dinnerware easier to grip
- Lifetime No-Chip Warranty

The first-ever porcelain dinnerware with built-in Microban® technology.

How it works:

Microban technology is integrated into Constellation's fully vitrified glaze, for an additional level of defense that will never wash off. This advanced silver-based technology creates an inhospitable environment for microbes to help prevent them from growing on the surface.
