CANTILEVERS

DESIGN: Versatile hanging system, ideal to create storage space in difficult spaces to accompany floor storage. The open wire design of the shelves minimizes dust accumulation and allows free circulation of air, increases visibility of stored items and greater light penetration.

CONSTRUCTION: All welded wire shelf frames and posts are constructed of heavy-gauge carbon steel or Type 304 stainless steel.

FINISH:

- ***Chrome*** *- is a plating process which deposits hard chrome OVER a copper, nickel surface. This process is VERY durable and allows product to be used in any application in a dry storage ENVIRONMENT. 1 year limited warranty to not rust or corrode when used in dry and non-humid ENVIRONMENTS.*
- ***Proform Green*** *-is an ideal solution for high humidity, wet, or walk-in-cooler applications. The carbon steel is treated with an iron phosphate and the powder coated epoxy is electrostatically applied, baked and cured to a hard surface. All three colors are antimicrobial. 15 year limited warranty for antimicrobial finish to not rust or corrode.*

POST WALL MOUNT CANTILEVER

ADAPTABLE: Wire shelving can be modified to accompany changing storage needs. By using various accessories, up to 4 tier cantilevers are available.

QUICK, EASY ASSEMBLY: Posts Wall Mount configuration: Posts have a double groove visual guide feature every 8", circular grooves at 1" increments, and are numbered at 1" intervals. Tapered split sleeve snaps together around each post. Tapered openings in the shelf corners slide over the tapered split sleeves providing a positive lock. Shelf is assembled in minutes without the use of any special tools. Direct Wall Mount Configuration: Mounting bracket design attaches directly to the wall. Back of the shelf is within a fraction of an inch from the wall.

ADJUSTABLE: In the Post Wall Mount Configuration, shelves can be adjustec at 1" intervals along length of the post.

WIRE TRUSSES: Architectural wire trusses increase shelf capacity.

TOP MAT WIRES: Run front to back to slide items easily off and on the shelf.

SHELF ACCESSIBILITY: Shelves can be loaded/unloaded easily from the front.

DIRECT WALL MOUNT CANTILEVER

AVAILABLE COLORS
~ CHROME
~ STAINLESS STEEL
~ GREEN EPOXY
~ GRAY EPOXY

WIRE SHELVES

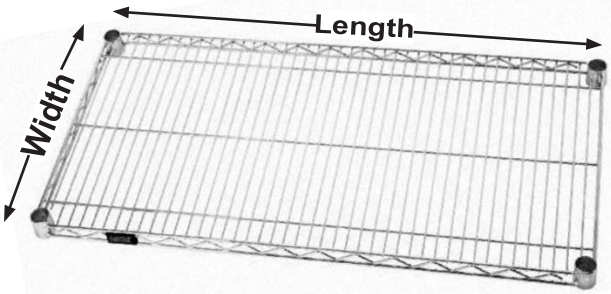

- ***Plastic Split Sleeves*** *- are included with each shelf*

Replacements are available:

Model No: **WR-SS** *(4 Pairs)*

- ***Load Capacity*** *– user should determine that wall material and method of mounting are suitable to support the shelves and their content.*

ACCESSORIES

BC
Wire Shelf Basket. Allows high visibility and quick accessibility. *(Refer to Accessories Spec Sheet for options)*

SCH1
Collar Hooks. Hooks onto basket corner allowing basket to securely hang.

BH
Bin Rail Holders. Creates more functional work area with the bin rail which allows to adapt bins to the cantilever unit. *(Refer to Accessories Spec Sheet for options)*

QUS
Hang Bins. Organizes your inventory. Available in multiple colors and sizes *(Refer to Plastic Bins Spec Sheet for options)*

PS-LH3
Hanging Label Tag. Fits 1-3/" x 3" adhesive label. Available in 5 colors (pack of 25)

LH
Shelf Label Holder. Excellent method for identifying products. Holders affix directly to truss on any shelf size.

Highest Quality, Lowest Price Guaranteed!
