

MAXIMUM EFFICIENCY

Store Grid Mount System

NEW
GRAY EPOXY FINISH

A versatile storage, utility, and display system suited to maximize efficiencies of underutilized spaces and empty walls. Store Grid is an easy to use system that integrates wall tracks, grids, wall shelving, and accessories in custom configurations and lengths. The use of the system around and above sinks, prep-stations, work tables, staging areas and equipment will keep these areas cleaner and more organized. Store Grid enables the flexibility to add wall shelving and wall mounted task stations to any space for ease of accessibility and functionality. The durability of the 15 year warranty antimicrobial epoxy and robust design of the system protects against product degradation and ensures easy installation and maintenance. **Finishes:** Proform Green and Gray Epoxy

- Antimicrobial additive protects the epoxy from bacteria, mold, and mildew that causes stains, odors, and product degradation.
- Keep small wares, utilities, inventory, tools, containers, utensils, and supplies off of the work surface and organized for fast, easy access. The work area remains clean and free from clutter to increase efficiencies.
- Grids attach to the uprights and enable the customizable configurations of accessories - bulk storage shelves, small supply shelves, baskets, hooks, drying rack accessories, utensil holders, bins, small utility racks, and a variety of holders.
- Easy installation and assembly. Mount the wall track and configure a customized work space using uprights, grids, shelves, and accessories.

IDEAL FOR MAXIMIZING EFFICIENCY IN ANY PREPARATION, STORAGE OR WORK SPACE

TO ORDER:

1. Select size of Store Grid wall tracks depending on the space you have
2. Select size and quantity of uprights
3. Select number of shelves and cantilevers (two per shelf)
4. Select grid and accessories

Product Notes

When configuring task stations with uprights, select shelves and grids of the same length. Longer grids may be used, although must not overhang the upright by more than 6" on either side. Grids may be mounted behind shelves. However, shelf support and grid cannot use the same slots on the upright. Maximum usable wall track mounting space is the track length minus 2" (stop fasteners are installed at each end of a run of wall track and occupy around 1" of track space on each end)

Shelves, shelf brackets, grids, and accessories may be removed for in-depth cleaning of walls. Wall tracks and uprights can be wiped clean. **Note:** Do not use abrasive chemicals or materials since these may damage the protective coating. Clean with mild detergents and damp cloths.

Recommendations

Wash Stations: use shelves, baskets, drying racks and hooks for proper air drying of items used in food preparation.

Prep Stations: use shelves, baskets, bins, hooks, spice rack, and glove box holder for a neater work space.
