

ABOUT US:

We Are Professional Kitchen Textiles™

Chef Revival was founded 1986 in Australia by two enterprising chefs as a way to earn extra income and satisfy a need for more comfortable and functional kitchen apparel. With a \$50 sewing machine, a roll of fabric and an \$8,000 loan the company began making aprons and apparel for their own use and sale to other chefs. "Designed by Chefs for Chefs" has been Chef Revival's motto since the beginning.

Chef Revival's roots stretch even further back to 1892, when its parent company was founded in New York City. John Ritzenthaler Company started out as an importer of the highest quality cleaning cloths from Belgium which were branded "RITZ Cloths" and sold only to better department stores and fine specialty retailers.

John Ritzenthaler Company entered the world of commercial foodservice in 2011 with the acquisition of Arden Benhar – a maker of high-quality professional kitchen textiles: culinary towels, aprons for the front and back of the house and best in class temperature protection products. In 2018, Chef Revival was acquired for its exceptional quality apparel and highly respected name, making the line a one stop shop for all kitchen textiles.

Chef Revival is the Industry Standard for Professional Kitchen Textiles™.

WE USE THESE FABRICS

Chef-tex® High Performance Fabric

Our high performance cotton-poly fabric out performs the competition

Moisture management - Chef-tex® is comprised of nano fibers that are 1/100th the size of a human hair and act as a shield around the main fiber to help Chef-tex dry 33% faster than the competition.

Comfort - This 6.75 oz fabric is smooth and luxurious as a result of a patented technology to ensure the softness is permanent and consistent, even after multiple washings.

Stain release - The fabric handles the toughest kitchen stains. Our patented process, directly applied to the fiber, prevents spreading and re-disposition in the wash. This is not a topical additive, which typically washes off; instead, this stain release performs throughout the life of the garment.

Color retention - These fabrics hold their color through the life cycle of the product, even in whites. Our deep dye technology resists fading from sunlight, washings and oxidation.

Shape retention - This fabric holds its form better and longer than fabrics used in comparable products, leading to a wrinkle resistant, longer lasting jacket.

100% Spun Poly

Our most durable and long lasting apron fabric — won't wrinkle or fade and is bleach safe. It's the choice for high volume establishments.

EZ-Blend™ Fabric

A versatile cotton-poly blend combining comfort, durability, and ease-of-cleaning as an economic solution for the professional chef.

Quality In-House Custom Embroidery

Our state-of-the-art embroidery machines create designs that are precise, clean, and can tackle your order quickly and professionally. We only run top of the line embroidery equipment to ensure your logo looks the best it possibly can! Your logo can be embroidered on any garment. Choose your location and font styles, a variety of thread colors, and durable embroidered flag insignias that can be applied to collars, cuffs and headwear.

For ACF Members, Chef Revival is officially licensed for the embroidered logo of the American Culinary Federation that can easily be added to your apparel.

HOW TO ORDER

Custom Logos

Please submit logo files in AI, CDR, PDF, and EPS formats to embroidery@chefrevival.com. There is a one-time digitizing set-up charge. Charges will vary depending upon stitch count. For embroidery orders, please allow up to 10-14 business days from approval of artwork for orders to ship from our warehouse. **Embroidered garments cannot be returned.**

COLOR OPTIONS

Choose from a vast array of colors. For a custom color, please have your Pantone number readily available.

TEXT

Space is limited up to 20 characters (including spaces) for all jackets, and you can embroider up to three lines of text on most garments.

FONT OPTIONS

Listed are some of our more popular font styles.

Chef Revival Font 10

CHEF REVIVAL Font 20

Chef Revival Font 30

CHEF REVIVAL Font 40

Chef Revival Font 50

Chef Revival Font 60

Chef Revival Font 70

Chef Revival Font 80

PLACEMENT

Embroidery placement is referred to from the vantage point of someone wearing the garment (i.e. Left Breast = Heart Side).

FLAGS

International embroidered flags are available. Collar placement is one per side.

Sizing Chart: Inch and Centimeter Measurements

Order size according to your chest or hip measurements, whichever is larger.
 Disclaimer: This is intended to be a guide only, and while we do our best to ensure all our sizing is consistent, you may find that some styles vary in size.

JACKETS:

Chest/Bust: Measure over clothing to be worn. Measure around fullest part of chest or bust, under the arms and around shoulder blades. Keep tape straight and level.

PANTS:

Waist: Measure around natural waistline above hip bones. Don't hold your breath.

Hips: Measure around fullest part of hip.

Inseam Length: Measure from base of crotch seam to top of shoe to be worn.

Note: Styles & cuts could vary in size.
