

Professional equipment for preparing granitas and sorbets, suitable for distributing large quantities of product. Total capacity of 30 liters with a dual cooling circuit.

#### Certifications

#### Available Voltages

230V 50Hz / 240V 50Hz / 115V 60Hz / 208-220V 60Hz / 100V 50-60Hz

| Technical Specifications              | GIANT |
|---------------------------------------|-------|
| Capacity (L)                          | 30    |
| Height (cm)                           | 90    |
| Width (cm)                            | 46    |
| Depth (cm)                            | 53    |
| Net weight, approx. (Kg)              | 61    |
| Gross weight, approx. (Kg)            | 66    |
| Power * (W)                           | 900   |
| Gas                                   | R290  |
| Gas (220V 60Hz, 100 / 115V 50 / 60Hz) | R448a |

| Additional Technical Features        | Safety and control devices                                |
|--------------------------------------|-----------------------------------------------------------|
| Shatterproof polycarbonate container | Noise level below 70 dB (A)                               |
| POM plastic stirrer                  | R290 gas models: equipped with ATEX electrical components |
| Stainless steel body                 | Hermetic compressor with protector                        |
| Air-cooled condenser                 | Mechanical product density control                        |
| Fixed-speed gear reducer             | Mechanical product temperature control                    |
| Patented magnetic transmission       | Lid unlocking button                                      |
| Illuminated cap and product lighting | Pre-equipped for tap lock                                 |
|                                      | Easy to disassemble and clean                             |
|                                      | Day/night function (production/maintenance mode)          |

| Optional Accessories                     |                               |
|------------------------------------------|-------------------------------|
| Shatterproof Tritan container - BPA free | Water-cooled condenser system |
| Painted steel body                       | Timer for day/night function  |
| Automatic refill system (Autofill)       |                               |
