

LK® Poly Tubing

If it comes in different lengths and you need to bag it – LK has the solution. There's no need to stock multiple bag sizes when you have LK's polyethylene tubing working for you.

- Excellent for packaging products of varying lengths
- 100% virgin low density polyethylene
- Meet FDA requirements for use in food applications
- Treated on one side to allow for printing
- Supplied on 12" diameter rolls (3" core)
- 12" and 24" Tubing Racks available

LK poly tubing is packed on industry standard 12" diameter rolls for automated or manual use. It's also FDA compliant for food and medical product uses. For flexible packaging designed to go the distance, LK has the tubing you need.
