**Description:**

Environmentally concerned customers appreciate the reliable performance of Pacific Blue Basic™ Standard Roll Embossed 2-Ply Toilet Paper. It can help earn LEED® credits. A sustainable option, it meets Green Seal™ Standard GS-1 based on chlorine-free processing, energy and water efficiency and content of 100% recovered material with a minimum of 25% post-consumer material (see GreenSeal.org). It's also UL ECOLOGO® Certified for reduced environmental impact (view specific attributes evaluated at UL.COM/EUL-175). It's also a septic-safe toilet paper option, great for all standard sewer and septic systems.

Consumers give this toilet paper high marks for its softness, quick absorbency, durability and thickness. It's great for use in education, government, manufacturing and QSR applications. The smaller size carton makes handling easier and takes up less of your valuable storage space than standard-size cases.
