Application:

The Alluserv enclosed tray cart is ideal for any tray delivery operation. This unit is designed for easy maneuvering and cleaning making your operation as simple as possible.

Construction:

The tray cart will be made up of 20-gauge stainless steel welded and riveted construction to accommodate 14x18 or 15x20 trays. The top and base will be made of 16-gauge stainless steel as well as the tray slides which will be supported by 14-gauge uprights. The doors will be made of 20-gauge, insulated double pan design, stainless steel and will be mounted on stainless steel lift off hinges which allow 270° door swing. The doors will be constructed with full length pull type door handles with magnetic closers and transport latch. The compartments will have vents on the end panels. Ergonomic U shaped push bars on each end are recessed to protect operators hands while allowing the cart to easily be pushed or pulled. The exterior base has a full perimeter bumper.

Casters:

Casters will be 6 in diameter, with 2 each fixed and 2 each swivel with brakes, and will be 2 rounded with soft tread to ensure a smooth and quite ride for carpet or tile. Casters are mounted in an offset pattern for a smoother ride into elevators and over thresholds.

Options:

- Custom ledge spacing
- 8" casters, two with brakes
- Menu card holder
- Towing hitch
- Top railing
- Custom tray size
- Floor drain

Features:

- Pull-type door with magnetic & transport latches
- U-shaped vertical push bars, both ends
- Accommodates 14"x18" or 15"x20" size trays.
- Doors open 270° for unobstructed access.
- Full perimeter bumper
- 6" rounded with soft tread casters, two with brakes
- NSF listed

Warranty:

- 2-year parts
- 1-year labor
