► **FINALLY! OS®** has introduced the perfect lectern solution for customizing logos for your institution or presentation slideshows. Designed with a new sleek curved shape in a modern cherry laminate, which provides a contemporary look for a variety of venues, The Vision is furnished with breakthrough technology; a 15-inch LCD screen built into the front of the unit. The screen has the ability to display images uploaded with a SD-card or flash drive. It includes a remote control, allowing the presenter to switch to various preloaded images with a touch of a button during a presentation or between speeches.

This integrated system can be used to display customized logos for schools, hotels or places of worship. Additionally, it enables a speaker to bring a presentation to life by displaying diagrams and photos for the audience. This beautifully hand crafted lectern is built with a ¾-inch stain and scratch resistant thermofused melamine laminate on MDF, and is available in a wood grain cherry color. The unit is equipped with two shelves for ample storage. Moves easily with four concealed casters, two locking. Assembly required.

- **Supported Formats:**
JPEG/MPEG/MP3
