1000 WATT COMMERCIAL MICROWAVE

Model #: **M1000T**

Microwave operates on a ten (10) power digital touch pad control. The all stainless steel unit is ideal for convenience stores, office break rooms, lounges, quick serve restaurants, sandwich shops, healthcare & educational lunch rooms as well as food trucks. The stainless steel construction is designed for commercial applications that do not require high volume cooking but require durable, safe options to reheat, heat, cook and prepare food on the go. Microwave is energy efficient, when opened, it automatically turns off to not waste energy. Microwave is efficient at heating one serving of various breads, soups, pizza, sandwiches, casseroles and popcorn with a single touch.

Product Details
